Notes to editors

Pharos Energy plc is an independent oil and gas exploration and production company with a focus on sustainable growth and returns to stakeholders, headquartered in London and listed on the London Stock Exchange.

Pharos has production, development and exploration interests in Egypt, Israel and Vietnam.

In Egypt, Pharos holds a 100% working interest in the El Fayum oil Concession in the low-cost and highly prolific Western Desert, one of Egypt's most established and prolific hydrocarbon basins. The Concession produces from 10 fields and is located 80 km south west of Cairo. It is operated by Petrosilah, a 50/50 JV between Pharos and the Egyptian General Petroleum Corporation (EGPC). Pharos is also an operator with a 100% working interest in the North Beni Suef (NBS) Concession, which is located immediately south of the El Fayum Concession.

In Israel, Pharos together with Cairn Energy plc and Israel's Ratio Oil Exploration, were successful in their bid for eight blocks in the second offshore bid round in Israel. Each party has an equal working interest and Cairn is the operator.

In Vietnam, Pharos holds a 29.7% unitised working interest in the Te Giac Trang (TGT) Field in Block 16-1, which is operated by the Hoang Long Joint Operating Company and a 25% working interest in the Ca Ngu Vang (CVN) Field in Block 9-2, which is operated by the Hoan Vu Joint Operating Company. Pharos unitised interest in the TGT field is held through 30.5% in Block 16-1. Blocks 16-1 and 9-2 are located in the shallow water Cuu Long Basin, offshore southern Vietnam. Pharos also holds a 70% interest in and is designated operator of Blocks 125 & 126, located in the moderate to deep water Phu Khanh Basin, north east of the Cuu Long Basin, offshore central Vietnam.
